

June

Summer is Here!

We will be getting wet and extra dirty this summer. Our older children will be enjoying our pool and our younger children will have fun water days as well. Sprinklers and water play is a fun part of our summer curriculum!

Water day schedules will be coming out soon.

Sun

Please Help your Teachers

Day shift - Drop off by 10:00a.m. Not only to keep teacher-child ratios at all times, this can be especially difficult during summer play. There is much more prep to go outside with water play and cleaning up takes extra time as well.

SUMMER CAMPS

May 26th - July 31st

Field Trip days - Your child may not attend for the day if they miss their field trip.

Pre-K Camp (Bld. 1) children must be on time for water days to prepare for the pool.

School Age Camp (Bld. 4) children are required to be here by **8:30a.m.** on field trip days

Summer Schedule

Please Look at your child's classroom Summer Schedule - Lunch & Outside time could have changed

Swimming Lessons start June 1st!

Don't forget your swimming lesson supplies

Safety Concerns - Please have your child wear running shoes &/or Full coverage swim shoes DAILY!

Children are running everyday, it is easy to trip & get hurt if they do not have proper running shoes.

Full Coverage swim shoes must be worn so children do not slip or cut their feet on water days or in the pools.

We ask that you please help us keep our children safe.
